# **CRITERION I – CURRICULAR ASPECTS**

### 1.1 – Curriculum Planning and Implementation

1.1.1 – Institution has the mechanism for well planned curriculum delivery and documentation. Explain in 500 words

The institution follows the academic calendar given by the higher education Madhya Pradesh for proper delivery of curriculum. In our institution students of arts science commerce and law streams are enrolled and for proper delivery of curriculum of all the streams the time table is divided into morning and afternoon shift. Commerce department and law department takes their class in morning shift according to the time table where is arts and science are given afternoon and evening time. There are 6 streams of science are physics chemistry mathematics botany zoology and geology in addition to the self financed courses of biotechnology biochemistry microbiology and Computer sciences. Students are promoted to understand the practical aspect of the curriculum in well equipped and well furnished laboratories institution. According to the academy calendar and time table of our institution the students are allowed to attend the classes immediately after the admission in month of July and it is targeted to complete the syllabus up to February. In between the students are also given CCE for internal assessment. Our college has a rich library with almost all the reference books of arts science commerce and law streams. The schedule caste and schedule tribe students are given

stationery and study material by the library. The library has about 40 computers in a separate study chamber where students sit and search their study material from net and various academic websites. The library also contain question bank from where student can get the types of questions which are asked in previous years and it provides and opportunity to the student to prepare themselves according to the examination pattern. Remidial classes are also planned for socially backward students to complete the syllabus and to make the syllabus understanding to weaker section of student. In remedial classes topics which are important and relevant but difficult for the students are taken in separate time slot so that regular time table does not disturb. The postgraduate students of 4th semester of Arts, science and commerc are promoted to complete a project work which develops research attitude in the student. Departmental library in seperate departments contain reference books related to the syllabus of postgraduate classes. Students are given separate period for library to make notes from these reference books to complete their syllabus.

1.4 – Feedback System				
1.4.1 – Whether structured feedbac	k received from all the	stakeholders.		
Students			Yes	
Teachers		Yes		
Employers		Yes		
Alumni			Yes	
Parents			Yes	

1.4.2 - How the feedback obtained is being analyzed and utilized for overall development of the institution? (maximum 500 words)

### Feedback Obtained

Feedback form is obtained from various stakeholders to get an idea for proper functioning and developments in the institution. The students, teachers, non teaching staff, alumini and parents give their feedback several expects of the institute like environment teaching facility campus canteen sports library etc. Forms are collected and were analysed for any lacuna in the institution and action taken committee to take action for proper improvement according to the given feedback by these stakeholders. In the feedback students were asked about the curriculum delivery methods timing of the examination scholarship sports canteen parking facility library etc. Teachers where asked about the administrative and discipline facility in the campus, their salary, payment timing, Promotions in the college in addition to the research and academic environment of the institution. Alumni have also given feedback about the functioning of the college. They share their experience and give their suggestions for proper development in the college. According to the feedback given by the students action taken reports prepared from upliftment of the institution. Parents are also allowed to share their experience about the teaching activity and other extra curricular activites for the students. Non teaching staff of the college so shares they are feedback about the administration environment of the college. Action taken report is prepared according to each state holder and proper decisions were taken for improvement in various fields like parking facilities canteen sports facilities, scholarship facilities, plantation garden etc.

Upload details of two best practices successfully implemented by the institution as per NAAC format in your

action plan of Health and Hygiene, students have been made aware of the issues of personal hygiene, infection and hygiene practices. As a sign of increasing sensitivity towards the personal hygiene of young women, a vending machine for sanitary pads with electric incinerator has been setup in the washroom of the college and the hostel. It is the first college of the city to install this facility. The machine dispenses a pack of one pad after a coin of Rs.5 is inserted. The used napkin can hygienically be disposed of in the electric incinerator. This vending machine is an ideal solution for emergency faced by the students. The students have welcomed this facility. The proper disposal of used pads in incinerator helps to keeping the environment clean. institution website, provide the link

### 8. Future Plans of Actions for Next Academic Year

The College IQAC has identified the broad objectives which the College should strive to achieve during this period, which are enumerated as under - To be able to enhance the Brand Equity of the College. To achieve the Title "College with Potential for Excellence" which is granted as per the norms laid down by UGC. To create an enabling environment for holistic development of Students, Faculty and Support Staff. To facilitate continuous upgradation and updation of Knowledge Use of Technology, by Faculty and Students. To fulfil its Social Obligations, in the manner of providing formal informal education, dissemination of Knowledge, organizing programmes and activities for the benefit of the Community and Other Stakeholders. To create awareness and initiate measures for Protecting and Promoting Environment. To encourage and facilitate Research Culture, to promote Research by students and Faculty and Consultancy by Faculty.
